POLICY MANUAL

POLICY TITLE:	SUBJECT:
Security Alarm	Security Company Protocol & Action
POLICY SECTION:	POLICY NO:
S	2
EFFECTIVE DATE: March 5, 2014	ENACTED BY:
AMENDED: May 3 rd , 2023	Resolution, By-Law 23-38

The security system is monitored by Counterforce. When the alarm is set off the security company will first attempt to contact the municipal office by telephone call. The person that receives this call will be asked for a password. The password is provided to the contacts listed below.

If there is no answer, or the contact does not know the password, a call will be made to a list of names, starting with the first name on the list to the last.

If no contact is made from the list, the security company will then call the Ontario Provincial Police who will respond.

Once the security company contacts a name on the list, it will report the time of the alarm and which entry point was tripped. If there is no explanation for the alarm (i.e. a scheduled meeting), the security company will call the Ontario Provincial Police to investigate. The contact or designate will meet the Ontario Provincial Police outside of the building in order to provide access to the building.

When the Clerk or designate is notified of the alarm and it is determined that the building is being utilized, and the persons present are not aware how to turn the alarm off, do not know the password, or cannot access a telephone, the Clerk or designate will attend to the building to turn off the alarm.

The list of contact names to be supplied to the security company will be:

1. Public Works Manager
2. Clerk
3. Mayor
